

NATIONAL PENSION SYSTEM (NPS)

What is NPS?

- NPS is a voluntary, simple, regulated, portable and flexible pension system that allows you to make regular savings for your retirement.
- NPS is a useful retirement planning tool and also a good tax planning investment opportunity.
- NPS has been introduced by Govt. of India and is regulated by Pension Fund Regulatory and Development Authority (PFRDA). PFRDA is a statutory body set up by Govt. of India, Ministry of Finance to promote old age income security and regulate the pension sector.
- StockHolding is registered with PFRDA as POP (Points of Presence) to act as a link between you and NPS.

What are the benefits of NPS?

- It is simple - All you have to do is to approach any designated branch of StockHolding. Our officers will be happy to assist you for completing all the formalities thereafter.
- It is voluntary - You can decide the amount you want to set aside and save for retirement.
- It is flexible - You can choose your investment option as well as Pension Fund Manager and see your money grow.
- It is portable - You can operate your account from anywhere in the country, even if you change your city, job, your pension fund manager and investment asset classes. You will have a unique PRAN (Permanent Retirement Account Number) that remains with you for the rest of your life.
- It is a low cost product for retirement planning - Details of applicable charges will be available with designated branches of StockHolding.
- It is market based - NPS is structured to give you freedom in deciding the investment for your corpus. You can expect market based returns and build your retirement corpus the way you want.
- It is regulated - NPS is regulated by PFRDA with transparent investment norms as well as regular monitoring and performance review of fund managers by NPS Trust.

What are the Investment Options?

- NPS offers you two options to invest your money.
 - **Active Choice – Individual Funds** - You will have the option to actively decide as to how your contributions should be invested among the following three asset classes.
 - ❖ Asset Class E – Equity market instruments.
 - ❖ Asset Class C – Debt instruments other than Government securities.
 - ❖ Asset Class G – Government Securities
 - ❖ You can choose to invest your entire contribution in C or G Asset Classes or a combination of C and G with up to a maximum 50% in Asset Class E.
 - **Auto choice – Lifecycle Fund** - NPS offers an easy option for citizens who don't have the required expertise or don't want to decide asset classes for the contributions made by them. In such cases your funds will be invested in accordance with the Auto Choice option. In this option, the investments are made in a lifecycle fund and the distribution of your investments across asset classes E, C and G are made automatically based on age.
